

Letter Lab Game

Letter Lab: Lilly has invented the first ever "spelling intelligence serum" but the evil Dr. Al Literate wants to steal the formula! Help Lilly match wits with the doctor and foil his plan to win the national youth spelling bee. Using nine letters, create as many words as you can to stop him dead in his tracks! Two game modes and three difficulty levels provide a challenge for all ages as well as endless word-making fun! Love it? go and start playing Letter Lab now.
